EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

As required under Section 102 of the Act the following Explanatory Statement sets out all material facts relating to the Special Business set out from Item No. 4 to 7 of the accompanying Notice:

Item No. 4

In order to facilitate the Company to increase the paid-up capital by issue of shares through any mode, there should be sufficient authorised share capital. The existing authorized share capital of the Company is ₹ 8,60,00,000/- (Rupees Eight Crores and Sixty Lakhs only) divided into 8,60,00,000 (Eight Crores and Sixty Lakhs) equity shares of ₹ 1/- (One) each. For future prospect to enhance the Capital, the existing authorized share capital of the Company is proposed to be increased to ₹ 25,00,00,000/- (Rupees Twenty Five Crores only) divided into 25,00,00,000 (Twenty Five Crores) equity shares of ₹1/- (One) each. Section 13 read with Section 61 and 64 of the Companies Act, 2013 and the rules made thereunder requires the approval of the members of the Company for alteration of the authorised capital clause of the Memorandum of Association of the Company and hence the Board of Directors of the Company recommends passing of the resolutions as set out at item no. 4 relating to increase of the authorized share capital and consequently altering the capital clause of the Memorandum of Association, as an ordinary resolution.

None of the directors or key managerial personnel of the Company or their relatives is in any way concerned or interested, financially or otherwise, in the above referred resolution.

SECRETARIAL AUDIT REPORT**

FOR THE FINANCIAL YEAR ENDED 31.03.2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To**The Members,****Manaksia Aluminium Company Limited**

Bikaner Building

8/1, Lal Bazar Street, 3rd Floor

Kolkata - 700 001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Manaksia Aluminium Company Limited** having its Registered Office at Bikaner Building, 8/1, Lal Bazar Street, 3rd Floor, Kolkata - 700 001, West Bengal (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31.03.2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors' Responsibility

Maintenance of Secretarial Records is the responsibility of the management of the Company. My responsibility is to express an opinion on existence of adequate Board process and compliance management system, commensurate to the size of the Company, based on these secretarial records as shown to me during the said audit and also based on the information furnished to me by the officers' and the agents of the Company during the said audit.

I have followed the audit practices and processes as were appropriate to the best of my understanding to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed, provide a reasonable basis for my opinion.

I have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Company during the period under scrutiny. I have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of respective committees of the Board, of the Board, of the members of the Company and of other authorities as per the provisions of various statutes as mentioned hereinafter.

Wherever required I have obtained the management representation about the compliance of the laws, rules and regulations and happening of events, etc.

The Compliance of the provisions of Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. My examination was limited to the verification of compliance procedures on test basis.

My report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness or accuracy with which the management has conducted the affairs of the Company.

I report that, I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31.03.2023 according to the provisions of (*as amended*):

- (i) The Companies Act, 2013 (the Act) and the rules made there under;

GLOBAL ECONOMY OVERVIEW

During the fiscal year 2022-23, the global economy experienced significant impact from the Russian invasion of Ukraine. Commodity prices turned extremely volatile; this negatively impacted multiple industries and their profitability. Furthermore, the war disrupted global supply chain causing delays and shortages of certain commodities. Inflation and thereby interest rates rose across the world, this slowed demand recovery with deceleration in consumer spending and business investments. As a result, economic growth momentum slowed as the year progressed. Your company's business too was affected by these trends. These necessitated adaptive measures and strategic planning to mitigate impact.

As the global demand moderated from the post Covid surge, the International Monetary Fund (IMF) cut its global growth forecast for 2023 and warned of a potential global recession next year. It suggested that “the slowdown of the global economy has intensified,” calling it “the weakest growth profile since 2001,” besides the Great Recession and the pandemic.

Frequent Covid related lockdowns in China and negative impact of high energy prices on Europe slowed growth momentum in the respective regions while stimulus-led recovery in US began to fade. India, on the other hand, stood strong as consumer spending and government expenditure expanded.

COMMODITY MARKETS OVERVIEW

The global commodity markets began the year 2022-23 on a high note as post-Covid recovery gained momentum across the world. Also, uncertainty, brought by Russian invasion of Ukraine (Feb 2022) spiked prices of many commodities and especially of Oil, Aluminium, Nickel of which Russia is a significant global producer-exporter. LME Aluminium rose to a record high above \$4000/mt in March 2022 by jumping 57% in that quarter.

However, subsiding fear of supply uncertainty and leading indicators pointing to a global slowdown in industrial demand pulled down prices rapidly in 2022-23. Brent Crude Oil fell a little more than 20% in 2022-23; Aluminium prices fell by about 30% in that period.

Such large swings in commodity prices brought caution amongst consumers. Rising interest rates, combined with high commodity prices, increased the working capital deployment (and thereby cost) of most commodity businesses.

Collectively, these factors posed significant challenges to the global commodity markets, requiring industry players to adopt strategic measures to mitigate the impact and ensure their resilience in the face of ongoing uncertainties.

INDIAN ECONOMY

In its latest quarterly update, “World Economic Outlook”, International Monetary Fund (IMF) has upgraded Indian growth forecast to 6.1% in 2023 reflecting momentum from stronger-than-expected growth in the fourth quarter of 2022 as a result of stronger domestic investment. It further expects Indian growth to accelerate to 6.3% in 2024.

The Government of India’s strong infrastructure push under the Prime Minister’s Gati Shakti (National Master Plan for Multimodal Connectivity) initiative, logistics development, and industrial corridor development will contribute significantly to raising industrial competitiveness and boosting future growth.

Improving labour market conditions and consumer confidence will drive growth in private consumption. The central government’s commitment to significantly increase capital expenditure, despite targeting a lower fiscal deficit of 5.9% of GDP, will also spur demand. Helped by recovery in tourism and other contact services, the services sector will grow strongly in FY2023 and FY2024 as the impact of COVID-19 wanes. However, manufacturing growth in FY2023 is expected to be tamped down by a weak global demand, but it will likely improve in FY2024. Recent announcements to boost agricultural productivity, such as setting up digital services for crop planning and support for agriculture start-ups will be important in sustaining agriculture growth in the medium term.

Inflation will likely moderate to 5% in FY2023, assuming moderation in oil and food prices, and slow further to 4.5% in FY2024 as inflationary pressures subside. In tandem, monetary policy in FY2023 is expected to become more accommodative in FY2024. The current account deficit is projected to decline to 1.9% in FY2024. Growth in goods exports is forecast to improve in 2024 as production-linked incentive schemes and efforts to improve the business environment, such as streamlined labour regulations, improve performance in electronics and other areas of manufacturing growth show performance. Services exports growth has been robust and is expected to continue to strengthen India’s overall balance of payments position.

The Reserve Bank of India (RBI) has maintained its GDP growth projection for the fiscal year 2023-24 at 6.5%, with Governor Shaktikanta Das noting that the Indian economy and financial sector remain resilient amidst global challenges.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Prime Minister Narendra Modi has highlighted the resilience of the Indian economy in the face of global challenges, as indicated by the GDP growth figures for 2022-23. In a tweet, he emphasized that this strong performance, combined with overall optimism and positive macroeconomic indicators, demonstrates the promising trajectory of the Indian economy and the determination of its people.

According to the Chief Economic Advisor (CEA), several noteworthy trends emerged in the economy. Exports of goods and services accounted for 23.5% of the GDP, marking the highest level since 2014-15. Private consumption reached its highest level since 2006-07, representing 58.5% of GDP. Gross fixed capital formation, a reflection of sustained growth, reached its highest point since 2013-14, accounting for 34% of GDP.

In terms of specific sectors, the construction sector, which is labour-intensive, experienced a GVA growth of 10% in 2022-23, compared to 14.8% in the previous year (2021-22). The growth of GVA in the mining and quarrying sector slowed to

4.6% from 7.1%. The GVA of electricity, gas, water supply, and other utility services rose by 9%, slightly lower than the 9.9% growth in 2021-22. Meanwhile, the GVA of public administration, defense, and other services grew by 7.2% in 2022-23, compared to 9.7% in the preceding year.

ALUMINIUM INDUSTRY OUTLOOK

According to the analysis by Triton Market Research, the Global Aluminium Market is likely to reach \$221.11 billion by 2030, from \$146.05 billion in 2022, with a CAGR of 5.24% during the forecast period 2023-2030. India is expected to showcase the fastest growth rate globally, with a CAGR of 6.54% over the forecasted duration.

The element aluminium has a silver-white sheen and is flexible and non-magnetic by nature. The letter Al stands for aluminium, which is the most prevalent metal in the crust of the world. Metal is seeing strong demand among end customers in the packing, electrical, and aerospace industries. The market is being driven by the increased market for packaged goods and the expanding use of aluminium instead of stainless steel by automakers. The market is expanding as a result of the increasing demand for electric cars and OEM producers.

However, because growing consumerism and demand for packaged foods is helping bring demand for foil and can companies.

The intensity of use of Aluminium in automotives has been rising to lower emissions and improve fuel efficiency. Manufacturers of electric vehicles use this metal to lighten their vehicles and increase their operating range. Due to its lightweight composition and similar physical characteristics to stainless steel, automakers like BMW and Mercedes are replacing it more frequently. According to estimates, the aforementioned elements will fuel market expansion.

GROWTH FACTORS

The second highest malleable and sixth most highly flexible material on the planet is aluminium. With a density of just 2.7g/cm, it is incredibly light, dust-resistant, and highly conductive, and when alloyed, it demonstrates great strength. Because it is harmless by nature, maintains food for a long period, and prevents the growth of microbes, it is widely employed in the food and packaging industries as well as the pharmaceutical industry.

One of the more prevalent non-ferrous transition metals in the crust of the Earth is aluminium. It is strong, malleable, flexible, lightweight, and resistant to oxidation and corrosion. Because it easily forms combinations with the other chemical components, it is widely used in a wide range of application. For instance, wheels, motors, chassis, and other components of contemporary automobiles are made of aluminium combined with silicon and magnesium. Around the world, it is also utilized to make refrigerators, desktop computers, tablets, cell phones, and other electrical devices.

KEY MARKET DRIVERS

Secondary aluminium's rising popularity will promote growth

- An important portion of the world's usage of aluminium is secondary or recycled aluminium. Because of its cost-effectiveness, scrap from machinery, automobiles, equipment, and beverage cans is recycled and reused. Reprocessing used metal or scrap uses a small portion of the energy needed to make brand-new metal from ore, minimizing the harm to the environment.
- Additionally, initiatives including the creation of car dismantling, shredder, and environmental safety centers are anticipated to promote market expansion. The widespread use of the material in the transportation sector is also predicted to boost aluminium consumption.

Numerous uses across several industries, and expanding building industries

- Due to its distinct physical characteristics, aluminium is in higher demand across a wider spectrum of industries and has more uses. Because metal is lightweight and has good electrical conductivity, aluminium is utilized for long-distance transmitting power. Because it can be easily moulded and worked into the fuselage and wings of light planes, aluminium alloys like 6061 are frequently utilized in this sector. Its high corrosion resistance makes it the perfect material for use in aircraft. Due to its thermal characteristics, aluminium is utilized in refrigeration, air conditioning, and heat transfer systems.
- Additionally, because of its malleability, this metal can be shaped into thin strips and employed in the packaging sector. Siding, roofing, transparent panels, doorframes, window, staircases, central heating, furnishings, air conditioning systems, and many other things are made with it in building projects.

KEY MARKET OPPORTUNITIES

Aluminium is good electricity and heat conductivity and is reasonably priced

- Aluminium is flexible, robust, and doesn't easily melt or distort when exposed to high temperatures. Additionally, it is lightweight, will not rust or corrode readily, and is a superior heat and electrical conductor. The worldwide car industry is increasingly preferring aluminium since it is reasonably inexpensive. This is understood by aluminium processors all over the world. To strive to build future generations of automotive components that are better in all of the aforementioned features and at a significantly lower cost point, they are spending a lot of money on development and research.

End-Use Industry Insights

In terms of the end-user, the transport sector held the biggest market share. This market's expansion is being driven by the growing use of metal in automobiles due to its lighter lightweight and improved physical characteristics. Many emerging countries are making significant investments to build out their infrastructure. These countries are likewise progressing quickly. As more people throughout the world own cars, the global aluminum sector is anticipated to grow with the automotive industry worldwide.

Because more people throughout the world drive cars, the transportation sector dominated the global aluminum market in 2021. As a result, expansion in the global transportation sector is anticipated to fuel expansion in the global aluminum market. During the projection period, the packing sector is anticipated to increase at a significant CAGR. This industry is expected to increase as a result of the growing demand for aluminum from producers of packaged foods because of its non-permeable properties.

Regional Insights

Due to reasons like rapid and widespread industrialization, quick and widespread urbanization, increasing investment and activities in infrastructure and infrastructure, and development in the automobile industry, Asia-Pacific is predicted to have the fastest expanding market. Because big consumers like Japan, China, and India are present, it is the main factor driving the market's expansion. The region's desire for metal is being driven by the expanding construction and automobile industries. The market is expanding in Europe as a result of factors like the introduction of legislation to reduce automobile pollution and the strong demand from end-use sectors like solar cells and packing.

INDEPENDENT AUDITOR'S REPORT

To the Members

Manaksia Aluminium Company Limited

Report on the Audit of IND AS financial statements

Opinion

We have audited the accompanying financial statements of Manaksia Aluminium Company Limited ("the Company"), which comprise the Balance sheet as at March 31 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matters

We draw attention to Note 45(i) to the financial statements in relation to outstanding balances of trade receivables, trade payables and loans and advances which are subject to confirmation and subsequent adjustments, if any.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Sr.	Key Audit Matter	Our Response
1.	<p>Defined Benefit Obligation</p> <p>The valuation of the retirement benefit schemes in the Company is determined with reference to various actuarial assumptions including discount rate, future salary increases, rate of inflation, mortality rates and attrition rates.</p> <p>Due to the size of these schemes, small changes in these assumptions can have a material impact on the estimated defined benefit obligation.</p>	<p>We have examined the key controls over the process involving member data, formulation of assumptions and the financial reporting process in arriving at the provision for retirement benefits. We tested the controls for determining the actuarial assumptions and the approval of those assumptions by senior management. We found these key controls were designed, implemented and operated effectively, and therefore determined that we could place reliance on these key controls for the purposes of our audit.</p> <p>We tested the employee data used in calculating the obligation and where material, we also considered the treatment of curtailments, settlements, past service costs, remeasurements, benefits paid, and any other amendments made to obligations during the year. From the evidence obtained, we found the data and assumptions used by management in the actuarial valuations for retirement benefit obligations to be appropriate.</p>
2.	<p>Litigation, Claims and Contingent Liabilities</p> <p>(Refer Note 35, to be read along with Emphasis of matter in Independent Auditor's Report)</p> <p>The Company is exposed to variety of different laws, regulations and interpretations thereof. Consequently, in the normal course of business, Provisions and Contingent Liabilities may arise from legal proceedings, constructive obligations and commercial claims.</p> <ul style="list-style-type: none"> • Management applies significant judgement when considering whether and how much to provide for the potential exposure of each matter. • These estimates could change substantially over time as new facts emerge as each legal case or matters progresses. • Given the different views possible, basis the interpretations, complexity and the magnitude of potential exposures and the judgement necessary to estimate the amount of provision required or determine required disclosures. 	<ul style="list-style-type: none"> • We understood the processes, evaluated the design and implementation of controls and tested the operating effectiveness of the Company's controls over the recording and re-assessment of uncertain legal positions, claims and contingent liabilities. • We held discussions with senior management including the person responsible for legal and compliance to obtain an understanding of the factors considered by management in classification of the matter as 'probable', 'possible' and 'remote'. • Examined the Company's legal expenses on sample basis and read the minutes of the board meetings in order to ensure completeness. • With respect to tax matters, involving our tax specialists, and discussing with the Company's tax officers, their views and strategies on as well as the related technical grounds relating to their conclusions based on applicable tax laws. • Assessing the decisions and rationale for provisions held or for decisions not to record provisions or make disclosures. • For those matters where management concluded that no provisions should be recorded, considering the adequacy and completeness of the Company's disclosures.

3.	Property, Plant & Equipment (Including Capex) <ul style="list-style-type: none">Tracking and monitoring capex requires more attention to ensure reasonable accurateness and completeness of financial reporting in respect of Property, plant and equipment.Further, technical complexities require management to assess and make estimates/ judgements about capitalization, estimated useful life, impairment etc. which has material impact on Balance sheet and operating results.	Principal Audit Procedures <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none">We assessed company's process regarding maintenance of records and accounting of transactions pertaining to Property, plant and equipment including capital work-in-progress with reference to Indian Accounting Standard 16.We have carried out substantive audit procedures at financial and assertion level to verify the capitalization of assets as Property, plant & equipment.We have reviewed management judgement pertaining to estimation of useful life and depreciation of the Property, plant and equipment in accordance with Schedule II of the Companies Act, 2013.We have relied on physical verification conducted by management and management representations.
4.	Revenue Recognition <p>We have identified this as an area of importance because the company's revenue is a material item in view of adoption of Ind AS 115 "Revenue from Contracts with Customers". The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period and disclosures thereof.</p>	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none">Evaluation of the company's accounting principles in relation to implementation of the new revenue accounting standardCreated an understanding of the company's routines and internal controls associated with revenue recognition;Examination of a selection of transactions to ensure that they have been reported correctly according to agreements and in the correct periods;

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that gives a true and fair view of the financial position, financial performance, Changes in Equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013 we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Annexure-B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Manaksia Aluminium Company Limited** ("the Company") as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit on Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial statements as at and for the year ended 31st March, 2023

Summary of Significant Accounting Policies

1. Corporate Information

Manaksia Aluminium Company Limited ("the Company") is a public limited company incorporated in India having its registered office situated at 8/1, Lal Bazar Street, Bikaner Building, Kolkata - 700 001. The Company has its shares listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is primarily engaged in the manufacture of value-added secondary aluminium products like Aluminium Rolled Sheets / Coils. The manufacturing units of the Company are located at Haldia & Bankura (West Bengal).

2. Significant Accounting Policies

I. Basis of Preparation of financial statements

(a) Statement of compliance

These Financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of the Companies Act, 2013 ('Act') and other relevant provisions of the Act, as applicable.

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on May 19, 2023

(b) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency.

(c) Basis of measurement

These financial statements are prepared under the historical cost convention on the accrual basis except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

(d) Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The changes in the estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

II. Revenue from contract with customer

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised

Notes to Financial statements as at and for the year ended 31st March, 2023

is the amount allocated to the satisfied performance obligation. Revenue is recognised only when it can be reliably measured, and it is probable that future economic benefits will flow to the company. Revenue from operations includes sales of goods, services, scrap, commission, export incentives. Revenue excludes Goods and Service Tax amount collected on behalf of third parties.

Sale of Goods

Revenue from sale of manufactured and traded goods is recognised when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. The control of goods is usually transferred to customer depending upon the incoterms or as agreed with customer upon shipment, delivery to the customer, in accordance with the delivery and acceptance terms agreed with the customers. Control over a promised good refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those goods.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of rebates, discounts, returns, indirect taxes or any other similar allowances. Transaction price is recognised based on the price specified in the contract, net of the sales discounts.

Incentives are accounted based on the assessment of whether the beneficiary (of the incentive) is acting as a principal or an agent. Where the beneficiary is a principal, the incentive is regarded as consideration paid to the customer and is reduced from revenue. However, where the beneficiary is an agent, the incentive payment is recognised as an expense as the same is in the nature of commission.

Advance received from customer before transfer of control of goods to the customer is recognised as contract liability.

III. Property, Plant and Equipment

Property, plant and equipment are stated at acquisition cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production.

Depreciation is provided on the straight-line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows:

Asset	Useful lives (estimated by the management) (Years)
Building	30
Plants and equipments	10 – 20
Computers	3
Office equipment	3 – 5
Furniture and fixtures	5 – 10

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as 'Capital Advances' under other 'Non-Current Assets' Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Notes to Financial statements as at and for the year ended 31st March, 2023

Leasehold land is amortised on a straight-line basis over the unexpired period of their respective lease ranging from 70-99 years.

IV. Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Company amortizes intangible assets over their estimated useful lives using the straight-line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

V. Inventories

Inventories are valued at cost or net realisable value whichever is lower except for saleable scraps, whose cost is not identifiable, which are valued at estimated net realisable value. Closing stock has been valued on Weighted Average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VI. Financial Instruments

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i. Non derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual

Notes to Financial statements as at and for the year ended 31st March, 2023

terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

ii. Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

VII. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- a) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- b) Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- c) Level 3: inputs for the asset or liability which are not based on observable market data.

Notes to Financial statements as at and for the year ended 31st March, 2023

VIII. Impairment

Impairment is recognized based on the following principles:

Financial Assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating unit) non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

IX. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognized for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

X. Foreign Currency Transactions & Translations

The functional currency of the Company is Indian Rupee. These Financial Statements are presented in Indian Rupee (rounded off to the nearest Lacs).

Transactions in foreign currencies entered into by the company are accounted at the exchange rates prevailing on the date of the transaction. Gains & losses arising on account of realization are accounted for in the Statement of Profit & Loss. Monetary Assets & Liabilities in foreign currency that are outstanding at the year end are translated at the year end exchange rates and the resultant gain/loss is accounted for in the Statement of Profit & Loss.

Notes to Financial statements as at and for the year ended 31st March, 2023

XI. Cash and cash equivalents

Cash and cash equivalents include cash and cash-on deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

XII. Employee Benefits

Defined Contribution Plan

The Company makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

Defined Benefit Plan

Gratuity is paid to employees under the Payment of Gratuity Act 1972 through unfunded scheme. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits.

The Company recognizes the net obligation of the defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

The Company recognises the changes in the net defined benefit obligation like service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income, as an expense in the Statement of Profit and Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

XIII. Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

XIV. Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight-line basis in net profit in the Statement of Profit & Loss over the lease term.

XV. Government Grants

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

Notes to Financial statements as at and for the year ended 31st March, 2023

XVI. Income Taxes

Income tax expense is recognized in the Statement of Profit & Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Provision for current tax is made at the current tax rates based on assessable income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XVII. Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

XVIII. Current and non-current classification

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realized within 12 months after the reporting date; or

Notes to Financial statements as at and for the year ended 31st March, 2023

- (iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date. Current assets include current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within 12 months after the reporting date; or
- (iv) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non current assets and liabilities.

XIX. Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

XX. Derecognition of Tangible and Intangible Assets

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

XXI. Equity Share Capital

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects.

XXII. Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

XXIII. Rounding of Amounts

All amounts disclosed in the Ind AS Financial Statements and notes have been rounded off to the nearest Lacs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

Notes to Financial statements as at and for the year ended 31st March, 2023

XXIII. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statement.

III) Financial Risk Management

In the course of its business, the Company is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity, commodity and credit risk, which may adversely impact the fair value of its financial instruments. The Company's focus is on foreseeing the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

a) Market Risk -

Market Risk Comprises of Foreign Currency Exchange Rate Risk, Commodity Price Risk, Interest Rate Risk & Equity Price Risk

i) Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Company.

**Notes to Financial Statements as at and for the year ended 31st March, 2023**

(₹ in Lacs)

The Company's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Letter of Credit denominated in foreign currencies. The Company uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Company would result in an decrease/increase in the Company's Net Profit before Tax by approximately Rs. 68.54 lacs for the year ended March 31, 2023 (March 31, 2022 : - Rs. 36.49 lacs)

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

iii) Commodity Price Risk

Manaksia's operations consists of Aluminium Business. The timing mis-match risk between the input and output price, which is linked to the same international pricing benchmark, such as London Metal Exchange, is eliminated through use of derivatives. This off-set hedge model (through use of derivatives) is used to manage the timing mis-match risk for the commodity and currency risk (primarily USD/INR). A variety of factors, including the risk appetite of the business and price view, are considered while taking hedging decisions.

iv) Equity Price Risk

Equity price risk is related to change in market reference price of investments in equity securities held by the Company. The Company has no investments, hence the Company is not primarily exposed to equity price risk.

b) Liquidity Risk -

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital facilities from various banks. The Company invests its surplus funds in bank fixed deposit and in mutual funds, which carry no or low market risk.

The following table shows a maturity analysis of the Company's Financial Liabilities on the basis of undiscounted contractual payments :

Notes to Financial Statements as at and for the year ended 31st March, 2023

c) Credit Risk -

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness.

Financial instruments that are subject to credit risk principally consist of Trade Receivables, Loans Receivables, Investments, Cash and Cash Equivalents and Financial Guarantees provided by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The Company has a policy of dealing only with credit worthy counter parties as a means of mitigating the risk of financial loss from defaults. The Company manages risks through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.
